ALFONSO BLAMES HIS CABINET FOR FERRER'S DEATH

Is Horrified at the Waves of Indignation Sweeping Over Europe.

Ministers Offer To Resign But He Holds Them.

MUST STAND BY HIM NOW.

Madrid, Oct. 14.—Information today from Spanish court circles says King Alfonso is horrified at the storm of protest over the execution of Francisco Ferrer at Barcelona yesterday. Alfonso is denouncing the ministers on whose advice he allowed the court martial's sentence to be carried out, declaring they kept him in ignorance of the public mind, not only in Spain, but in all Europe. It is reported that the Spanish cabinet offered resignations but Alfonso demanded that they remain to help him out in the difficulty. There is no doubt in the minds of those who have seen the king since Ferrer's death that he would have prevented it had he dreamed of the possibility of the developments. Scores of death threats have been received at the capital and guards have been doubled. A regiment has been retained, ready for mobilization. Great feeling is being stirred up by leading socialists and revolutionists and the clipping bureau is busy flooding the king with press extras which call Ferrer a martyr and calling the execution a plain murder, also comparing Alfonso with Ferdinand the Second of Naples, who was a notorious homicidal because of the ruthless bombardment of Messina. Many leading papers predict a full revolution as the outcome, directly or indirectly of his execution.

VANDERBILT IN CHARGE OF THE NEW YORK CENTRAL.

New York, Oct. 14.—The Vanderbilt lines ceased to be a misnomer in the railroad world today when William K. Vanderbilt, Sr., again took up the reins at the grand central station general office and re-established the family control.

Two important developments of the day go to prove this almost beyond question. The first and technically the most important was the election, as a successor to the late E. H. Harriman, as a director, of Marvin Huggitt, president of the Chicago and Northwestern railroad. Mr. Huggitt has for years been a Vanderbilt partisan, and frequently an opponent of the late railroad czar, whose place he takes.

From a sentimental viewpoint, a matter of far greater importance was the departure of W. K. Vanderbilt for a five days' inspection tour of the western roads of the New York Central lines, or the Vanderbilt system.

It has been years since a Vanderbilt went on a real tour of inspection of the family roads. There is evidence that this tour is real, and that "W. K. Sr." as he is known in railroad circles, is going to find out a lot of things for himself.

Two private cars carry the official party, the other prominent members of which are William C. Brown, the newly-elected president of the road and former president W. H. Newman, who is still a director of the road. They have with them several railroad experts in various technical lines.

Just how much the recent unexpected death of Mr. Harriman has to do with this sudden activity of the senior Vanderbilt in the lines that bear the family name was a matter of discussion today. Mr. Harriman by the careful and sure methods that marked his career had worked his way into the directorate and was planning drastic changes.

"If Mr. Harriman had lived would Mr. Vanderbilt come on from Paris for a hand-to-hand fight for the great railroad system?" was the way one big railroad man put the question.

There was no way of answering it. Mr. Vanderbilt would not discuss the matter before he started on his trip.

JOHNSON FAVORITE

San Francisco, Oct. 14.—The sale of seats for the championship match Saturday between Johnson and Ketchel began yesterday. The way the sale began indicates that the standing room only sign will be hung.

From now on the fighters will take only exercise necessary to keep them in perfect trim.

Ketchel weighs 175. Johnson has reduced his weight 12 pounds, and weighs 197. Bettors are backing Johnson, 10 to 4.

He said he had lost twice and if he was unsuccessful now he will be ashamed of himself. Clarke tells his men the Detroit team is greater than before and to expect a hard tussle. Donovan said he would give \$500 to win another Pirate game.

WOMAN FOUND DEAD IN BED

MRS. ALICE GODWIN DIED SUDDENLY AT MURRAY.

GROVER BOYD DROPPED DEAD OF HEART FAILURE.

Murray, Ky., Oct. 14. (Special).—Mrs. Alice Godwin, aged about 40 years, was found dead in bed this morning at 7:30 o'clock in her room at the Murray Hotel. The discovery was made by Manager Frazee, who broke in the door after failing to receive a response to calling her for breakfast. Death is thought to have been due to apoplexy and she had been dead several hours. There were no indications that pointed to suicide.

Mrs. Godwin has been visiting at the hotel for several weeks, coming here from her home in Texas, where her husband is said to be a wealthy ranch owner. No relatives survive her. Two sons are at Lebanon, Tenn. The body will be shipped to Texas tomorrow morning.

Dailyman Drops Dead.

Grover Boyd, a dayman, residing one mile from here, dropped dead of heart failure. He was apparently in good health and had just returned home from delivering milk and butter in town. He was 23 years of age and leaves a wife. The funeral was held at 2 o'clock this afternoon and burial at the Goshen cemetery.

BISHOP A. W. WILSON ILL.

Develops Tonsillitis in Connection With Asthma.

Baltimore, Md., Oct. 14. Bishop Alphons W. Wilson, of the Methodist Episcopal church, south, is again ill at his home. He developed tonsillitis about ten days ago, and this, in connection with asthma, from which he has suffered for some time, has rendered his condition serious.

His physician, however, has hopes for his recovery, but it will be several weeks before the bishop will be able to leave the house.

No visitors are allowed in his bedroom, as the nature of his illness forbids conversation.

Bishop Wilson has not been in good health for over a year. This summer he took a short trip, and felt better upon his return. He is talking of taking a trip south some time this winter, if his health improves.

He was given the \$118 and for, and interest at the rate of ten per cent on the sum since March 1, 1909, which is \$20.90; a penalty of 20 per cent for damages for keeping the money amounting to \$622.82; and a penalty of 20 per cent on the whole sum as a fee for the revenue agent for collecting the sum, amounting to \$100.22 or a total of \$622.82.

WHAT? IN THIS DAY AND GENERATION?

Minneapolis, Minn., Oct. 14.—H. S. Chaffee, a millionaire Dakota land owner, president of the American and Sharon Land Co., told the police today that he paid \$25,000 for a real gold brick yesterday and this morning tested it and found it gold plated brass. The police have slight clues to the identity of the swindlers. Two men did the stunt, one represented himself as an old miner, the other as an expert metal assayer.

Yesterday afternoon Mr. Thomas N. Hazlett was summoned before the grand jury and he gave the name of his informant, and this morning every member of the fiscal court was subpoenaed to appear before the grand jury. It is hoped by many that the grand jury will make a thorough investigation of the affair.

JUDGE REED WILL RECEIVE A SALARY OF \$4200 A YEAR BEGINNING WITH NEW TERM

Fiscal Court Votes the Increase Today But at Same Time Turns Down Increases For Other Offices.

Salaries of all the county officers will remain the same for the next term of four years, but the county will pay \$1,200 of the salary for the circuit judge in addition to the \$3,000 allowed by the state, making a salary of \$4,200. The salaries were fixed this morning by the fiscal court, which met in regular session.

The increase in salary of the circuit judge is a recognition of the ability of Judge William Reed, and marks the end of a big fight. During his present term, several years ago, the fiscal court allowed the increase in salary, but County Attorney Harkley contended that the salary of any official could not be increased during the term of office. Although a special judge in circuit court ruled that it could, the decision was reversed in the appellate court.

In his last campaign Judge Reed made it an issue that he would ask the fiscal court to grant him the increase in salary. Nearly every lawyer of the Paducah bar favored the increase. Magistrates Burnett and Dunaway cast the only negative votes on the proposition.

After the salary was allowed, which will begin January 1, 1910, Judge Reed thanked the members of the court for their recognition of his ability, and promised that he would try to give value received. He said he thought that the circuit judge in a second class city should receive a salary of \$1,200, while some people have urged him to ask for a salary of \$5,000. Judge Reed said at the beginning of his campaign for reelection, against the advice of some of his friends, he had made the request for a higher salary a plank in his platform, and during the campaign used it. He said at Lexington the present circuit judge received a salary of \$5,000 a year and had held the office for 16 years. During that

BAPTISM OF FIRE PREACHER'S SUBJECT

REV. OAKLEY TO PREACH SENSATIONAL SERMON.

CUMBERLAND PRESBYTERIAN REVIVAL IS PROGRESSING.

The revival which was begun at the Cumberland Presbyterian church, corner Twelfth and Trible streets, Tuesday night by the Rev. J. H. Oakley, of Liverpool, Tenn., is attracting much attention.

Although the pastor of this church, the Rev. D. W. Fooks, is absent due to sickness at Dinkedom, Tenn., his congregation is very hopeful of a successful meeting, and present indications promise such.

Mr. Oakley's subject last night was "Where and How to Begin a Promoted Meeting," and his subject for tonight will be "The Baptism of Fire," a very appropriate and also sensational sermon. The preacher says this is one of his best and you are cordially invited to hear this one by all means.

Mr. Oakley wants it announced that the day services at 3 o'clock are not for women only, as seems to be the impression, but for everyone. The night services start promptly at 7:15.

The music tonight will be extra good, and as the Rev. Mr. Oakley is something of a musician he will probably render a vocal solo. He is arranging to have a cornet and also a clarinet to assist in the music and it will be extra good hereafter.

The condition of Mr. Fooks, who was reported to have typhoid fever, is much better and he is expected in the city before the end of the week.

OSCAR HANK SEES TO COLLECT BORNEMANN POLICY.

Suit was filed in circuit court today by Oscar H. Hank against The Travelers' Insurance company, of Hartford, Conn., for \$5,000 alleged due on a policy for accidental insurance. It is alleged that William Bornemann took out the policy February 3, 1901, and was in force when he met his death by accidental cause on February 17, 1909. It is the second suit that has been filed against insurance companies, who assert that Bornemann committed suicide.

M'CARREN ILL

TAMMANY CHIEF SERIOUSLY ILL OF APPENDICITIS.

New York, Oct. 14.—At St. Catherine hospital, where State Senator Patrick H. McCarren was operated on last night for acute appendicitis, it was stated today he had passed a fair night and his condition was considered favorable for recovery. Attending surgeons consider his condition grave because of stomach complications, and are doing everything possible to overcome them. He was without Democratic headquarters all of yesterday. He had breakfast with Governor Sloan and other celebrities, and took a stage ride to various points of interest along the canyon. He will remain here until 8:30 tonight, when he will leave for Albuquerque, New Mexico. Taft says nothing about Crane, but intimates the incident is closed. He said Crane was indiscreet in talking of diplomatic matters, therefore was unfit for foreign service. Postmaster General Hitchcock, who has been making long horse-back rides in Arizona for weeks, is believed to be investigating the statehood situation with the view to springing it at the next session of congress. Arizonaans say if he finds it will probably go Republican, he will certainly recommend it, but if it is doubtful or Democratic, he will not.

Judge John K. Hendrick, as a representative of the Paducah bar, said he wanted to assure the members of the court that they had done nothing wrong, and that other circuit judges with less work to do than Judge Reed were receiving a salary of \$5,000 a year. He said he had just returned from Frankfort, and that the judges of the appellate court voluntarily discussed the despatch of business in Judge Reed's court, and paid him a tribute for the fairness in which he did his duty. As an example of the rapidity of the work, Judge Hendrick said at Covington the circuit court did not dispose of as much business in two weeks as Judge Reed did in two days. He said Judge Reed emptied out the county jail at every session of the county court and in his opinion saved the

time 170 cases he has tried have gone to the appellate court and two-fifths of them were reversed. Judge Reed said that during the six years he had held office that he had nearly the same number of cases appealed, and he had been reversed only once in every five cases appealed.

OIL SPRINKLING COSTS \$18 A BLOCK

WHILE WATER COSTS THAT FOR ONE SMALL LOT.

COUNTY MAY OIL SOME OF ITS ROADS NOW.

The board of public works has estimated the cost of the oil and the work in connection with preparing and spreading it on the street, and finds that it cost a little less than \$20 a block. The members are highly elated, for, as one remarked today, this is far cheaper than ordinary sprinkling with water. Where the water sprinkling is done by contract it costs about \$18 a year for a lot of 50 feet frontage, and when it is considered that a whole block can be oiled for approximately that amount, the economy of it can easily be appreciated.

The board was in receipt of more petitions from property owners today asking that their streets be oiled, but it has decided that on account of the near approach of the winter season, the work cannot be done satisfactorily. Streets are usually oiled in the spring of the year so that the warm weather will assist in drying it up, and causing a better mixture with the road surface. Next year, however, the board intends to continue the sprinkling all over the city and will get at it early.

Judge Lightfoot is considering the economy there would be in oiling Broadway from the city limits to the park, and the board of works has offered to lend him the sprinkler if he decides to do it. The judge has always wanted to oil some of the roads in the county, but has been waiting to let the city do the experimenting, which was wise, and now that it has been proven a success, he will recommend it to the county. During his tenure of office, Judge Lightfoot has improved many miles of roads and the close of his administration will find most of them in good condition.

CRANE RELIEVED, SAYS HE FEELS "RELIEVED" TODAY.

Washington, Oct. 14.—Crane says he is relieved by the president's acceptance of his resignation, and that he hated to return to the official post.

TAFT UP EARLY TO SEE SUNRISE ON GRAND CANYON

He Took Stage Coach Trip Through One of Country's Natural Wonders.

Hitchcock is Riding Through Arizona on Horseback.

ARE INVESTIGATING CONDITIONS

Grand Canyon, Col., Oct. 14.—Taft was up early this morning and saw a beautiful sunrise over Grand Canyon. His train arrived before time from Ashfork, so he had plenty of sleep. He had breakfast with Governor Sloan and other celebrities, and took a stage ride to various points of interest along the canyon. He will remain here until 8:30 tonight, when he will leave for Albuquerque, New Mexico. Taft says nothing about Crane, but intimates the incident is closed. Taft Accepts Crane's Resignation.

Washington, Oct. 14.—In a telegram received at the white house today, Taft formally accepts the resignation of Crane as minister to China.

Taft Stands By Knox.

Washington, D. C., Oct. 14.—Taft in a message to Secretary Carpenter today said: "Convey to Crane the following: 'I concur in the letter under date of October 12, which the secretary of state addressed to you, and greatly regret that circumstances were found to exist by him to make it necessary for me to accept your resignation.'"

"I have felt my obligation to the president was such that I would let him decide," said Crane. "I also realized the impossibility of his having complete information at this time. He has chosen to base his decision on circumstances found by the secretary of state. I accepted the Chinese mission at his request and solely because of assurance that I would be permitted to serve the country in constructive work of the greatest importance. It is perfectly clear conditions are such that constructive work would be impossible. To demonstrate this has been a great personal humiliation, such as any self-respecting man in public service should not be compelled to endure. I am grateful nevertheless, that it happened here when there is no crisis in national affairs."

EDWARD MCANANEY DIED EARLY THIS MORNING.

Mr. Edward McAnaney, aged 34 years, a well known and popular ship chandler, died at his home on Washington street between First and Second streets at 2 o'clock this morning after a lingering illness of consumption. He was born in Philadelphia, Penn., and moved to Paducah with his parents 25 years ago. He had been working at the marine ways for many years. He was unmarried and leaves a mother, Mrs. Margaret F. McAnaney two sisters, Mrs. Mary Degrave and Mrs. Annie Bromley, and two brothers, Messrs. Joe and Harry McAnaney. He was a member of the St. Francis de Sales Catholic church and the Ship Chalkers' union. The funeral will be held at 10 o'clock tomorrow morning at the Catholic church and burial at Mt. Carmel cemetery.

THREE OF GEO. ROBERTSON'S DOGS GET AWAY FROM HIM.

While waiting at union station yesterday evening for an express wagon, George Robertson, who had just returned from Edysville with a pack of seven hounds lost three of them in a peculiar manner. He was standing near a truck and the dogs wound the chain around the wheels and slipped the collars from their necks and disappeared. One a black and white spotted dog and the other two were black and tan. He is preparing for his annual bear hunt in the wilds of Arkansas the first of next month and will have a pack of over 100 dogs.

CLARKE WINS THE GAME FOR PIRATES

HOME RUN IN SEVENTH TURNS THE TIDE.

The Detroit Get Two Home Runs But They Are Outbatted By Pittsburgh.

ADAMS WINS TWO GAMES

Pittsburgh, Oct. 14.—Pittsburgh took the lead yesterday in the world's championship series by defeating Detroit 8 to 4. This gives the National league champions three victories to two for Detroit. The sixth game will be played in Detroit today. By winning it Pittsburgh would clinch the world's championship. If Detroit wins a seventh game will be necessary.

The commission decided to play the crucial game, if it is needed, in Detroit Saturday. Garry Herrman slipped a coin with President Johnson, of the American league, and won, so they chose Detroit.

The game was played with the thermometer between 55 and 43 degrees. A chilling wind swept across the field, but the immense grandstand protected a great majority of the spectators. Despite untoward conditions, 21,506 persons saw the game and the receipts were \$32,177. Of this the National commission receives \$3,217.30, and each club owner \$14,477.55. The players no longer share in the receipts after the first four games.

Home Run Won Game.
 A home run by Manager Clarke, which scored Byrne and Leach ahead of him, turned the tide of victory to Pittsburgh in the seventh, after Detroit had tied the score 3 to 3, by scoring two in the sixth.

Detroit had two home runs to its credit, but neither came with anyone on base. D. Jones, the first man up in the first inning, hit the ball into the enclosure built around the outfield for the overflow. There was no overflow from the permanent stands and it appeared easy to hit the ball over the low fence. Sam Crawford made the other Detroit home run in the eighth.

Crawford's home run nearly deprived Pittsburgh of the services of a brilliant player, Tommy Leach. Leach chased Crawford's long hit and while running backward, struck the low fence. The impact of his body smashed the board and he shot over the fence head first and turned a somersault. The crowd groaned as it appeared impossible for the little center fielder to escape injury, as he appeared to be hurt. After a short delay he returned to his place, apparently none the worse.

Charles Adams, the phenomenal youngster of the Pittsburgh team, achieved the distinction of being the only pitcher to win twice in the series by annexing yesterday's game. Adams clearly outplayed Summers, who worked the first seven innings for Detroit, but he was lucky in having a team behind him hitting, as he allowed the losers four runs, a two-bagger and two singles, while Summers was hit safely ten times including one home run and one double.

Davy Jones' home run gave Detroit a run in the first inning, but Pittsburgh immediately tied the score because Summers gave a base on balls with the bases full. A wild pitch by Summers allowed the second Pittsburgh run to score in the second inning, and another came in the third. The score remained 3 to 1 in Pittsburgh's favor until the sixth, when Detroit bunched a single and a two-bagger and aided by Wagner's costly bad throw scored two runs. Then came Clarke's home run in the seventh and the National league assumed a commanding lead. Each team scored one more run in the eighth inning.

Wagner Had Bad Day.

The mighty Wagner had a bad day in the field, making two errors in five chances. His first error was a bad throw of Delehanty's grounder in the sixth. It allowed Crawford to score from second. His other mis-play was a mull of Tom Jones' pop fly into short left in the ninth.

At the bat Wagner made one hit in four times up, but reached first three times. The first time he drew a base on balls, but was left on second and in the third inning he singled to left, but was on third when the inning ended. In the fifth he was an easy out. In the seventh he was hit in the back by a pitched ball. He dropped to the ground and was evidently in great pain, but soon recovered and trotted to first base.

Cobb made only one hit, a single to left in the sixth. In the field he did not have a single chance.

D. Jones Made Home Run.

After getting three balls and two strikes, Davy Jones hit the ball into the center field stand for a home run. Bush walked but Cobb tied out to Leach. Crawford's single to left sent Bush to third as it was a hit and run play. Crawford stole second, but Delehanty struck out and Morlarity popped to Abstein.

Pittsburgh tied the score in its half of the first. Byrne hit by Bush and Leach laid a safe punt along the first base foul line. Clarke sacrificed both runners along, Stange to Tom Jones, Wagner drew a pass and the bases were full. Miller struck out, but Abstein worked Summers for a pass and

News of Theatres

Theatrical Notes.

Wm. A. Brady's "Way Down East" with its typical characters of old New England, with its realistic stage pictures of their environments, its famous snow storm, and the other scenic features, is the attraction at the Kentucky theater tonight.

The popularity of this rural drama does not seem to wane despite its several seasons of remarkable success. The majority of theatergoers have seen the play several times but they will go again, enjoying it with even greater fervor than on previous visits. The characters of the play have become old acquaintances and seeing them again is apparently like a visit amid familiar scenes. On the other hand, "Way Down East" has a clientele peculiarly its own. The purity and sweetness of its story and the moral of its points appeal to a class of people seldom seen at other attractions. Managers of theaters are authority for the statement that there are more strange faces in the theater during an engagement of "Way Down East" than any other time during the year.

Mrs. Goodheart—All the way from Chicago! Didn't you find it very hot traveling?
 Dusty Trax—Not at all, madam. I always take a refrigerator car in the summer.—L.A.O.

Daily Thought.

Not in the clamor of the crowded street.

Not on the shouts and plaudits of the throng.

But in ourselves, are triumph and defeat.

—Anon.

A will has said the country is suffering of Pearytoulis.

The news dispatches say that Johnson, the negro pugilist, is in "the pluk of condition."

Mr. Crane is a fitting example of what usually happens to those persons who can not keep a secret.

Henson, the colored man who went to the pole with Peary, has caught it. He has announced he will go on a lecture tour.

Of course now, if Sir Thomas must have another yacht race, he will be accommodated. We Americans are winning all sorts of things now, and feel confident of keeping that cup here.

Some one has suggested the organization of a society for the prevention of cruelty to presidents. A wag in Taft's party is credited with the witicism. It does seem that more consideration would be shown our public men when they are out or long junkets. It is true that we are consumed with curiosity and every little hamlet wants a peep at such dignitaries as the president, but that is no excuse for tiring them out and making them wish the journey was at an end.

Over in Chicago some fond wives, overproud of their husbands, are going to have a contest in which they will enter hubby, and the Anglo women of the neighborhood are to decide the winners. The points on which they judge the married are these:

Quantity of hair.

Care taken to the wife's shoe.

Ability to guess price of hat.

Humility.

Good looks.

Ability to describe gown.

Gallantry.

Docility.

Patience.

We all know that the average roundabout works better when the mate is "cushy" in his heat vein, but it was not known that the baseball stars do better when they have some one near to "bawl" them out. Mullin, the leading pitcher for the Detroit team, says he misses "German" Shaeffer, who played second base for his team up to a short time ago, and if he had been behind him he would have done better in Saturday's game. "I would have given a great deal to have heard the Dutchman come over and say, 'Why don't you pitch ball, you big stiff?' He helped me a whole lot with his roasting."

THE CAR SHORTAGE.

About a year ago there were 400,000 freight cars standing idle on railway sidetracks. Now there is a shortage reported in several lines of

traffic. According to the semi-monthly statement of the car efficiency committee of the American Railway association, the actual car surplusage has been reduced to 53,388 cars, one-third fewer than two weeks before. Even against these figures is the offset of small shortages mentioned aggregating 14,582 cars. The available cars, therefore, are few and the surplus is smaller than at any time since the beginning of the period of depression in 1907. Even this is likely to be wiped out within the next few weeks, so that the railroads are facing what may be a severe car shortage. Those which have cars in reserve are holding them for their own use later, so that they are not willing to help out the ones where shortage already exists in fact.

A report like this shows that business has caught up with the railroads again and threatens to swamp them soon despite the appeals to car manufacturers to rush orders for new equipment and to the repair shop foremen to hurry work on "bad order" cars. The situation in the car line is a pretty good business barometer. The impending car shortage, particularly as coal cars are requested in several sections, but it tells of a total railway jamming for the year that will be eminently satisfactory and of a general prosperity that means contentment and happiness for thousands of families.—Chicago Tribune.

GARBED THE STATEMENT.

The News-Democrat did Mr. Hazelp an injustice this morning in reporting his speech last night at Henderson's school house. It said:

"Only once did he depart from his route and that was to declare that prisoners confined in the county jail charged with malicious shooting with intent to kill were guilty of a misdemeanor and should be worked on the county roads. This glaring ignorance of the law was at once set right by Mr. Barkley, and Mr. Hazelp afterward admitted that he was wrong."

The Evening Sun was the only paper that had a reporter at the speaking and consequently the garbled account of the speaking in the News-Democrat is understood easily.

By a slip of the tongue Mr. Hazelp did say prisoners confined in the county jail on the charge of malicious cutting should be worked on the county roads, when he intended to say county prisoners charged with cutting in sudden heat and passion, which is a misdemeanor. When Mr. Barkley from the floor called attention to the misstatement, Mr. Hazelp at once apologized and said he intended to say "cutting in sudden heat and passion." Not once did Mr. Hazelp mention shooting with intent to kill as a misdemeanor.

However, in regard to malicious cutting cases held over to the circuit court, many are reduced to the charge of cutting in sudden heat and passion, and a fine for a misdemeanor is paid instead of being tried for a felony. These compromises are made at nearly every term of circuit court and many of the prisoners sent to jail charged with malicious cutting are punished for cutting in sudden heat and passion.

JUDGE REED WILL RECEIVE SALARY

(Continued from Page One.)

County as much as the increase in his salary would amount to. He said he not only "cleared out" the jail but sometimes "cleared out" the law-ymen when it was necessary.

When the fixing of county officers was taken up Magistrate Emery made a motion that the salary of the county judge be increased from \$1,750 to \$2,000 a year, but no second was made, and on a motion all of the salaries of the county officers were unchanged.

The office of commissioner was filled this morning when Magistrate John H. Burnett was re-elected unanimously. Mr. Burnett was without opposition for the position.

T. A. Harris appeared before the court and offered to gravel the Olive church road for 12 1/2 cents a foot, two yards of gravel to cover eight feet. Mr. Harris stated that the road was used by many people daily and in order to get the improvement offered to do the work for half what the county had been paying for graveling, he said. No action was taken and with machine like regularly the bond passed on to the petition of property owners to cut down some hills on the Bonds station road and to extend it. The property owners offered to pay one-half of the expense. No action was taken, as John Thompson, county road supervisor, said the county did not have the money to spend for the work.

A report was received from the Hartford Steam Boiler Inspection and Insurance company that the boiler in the jail yard was in good condition, but that the grease should be prevented from entering the boiler, and on motion it was referred to the jail committee.

Claims of L. E. Scott for \$7 and of P. P. Kirkpatrick for \$25 for the loss of sheep by dogs were approved by the court and recommended for payment.

The report from a company to line the walls of the county jail with steel was received. The work will cost about \$500, but the members did not take any action.

Twenty-four dollars a quarter were allowed on motion of Magistrate Burnett for the care of Mrs. Vance.

The bill of W. A. Thompson for the county sanitarium of \$250.29 was allowed. The total bill for September amounted to \$1,639.98 outside of the registration bill.

Bert Johnson informed the members that he had completed the Perkins' creek concrete bridge and would like to get what money was due him. He asked that the magistrates inspect the work and court adjourned until 2 o'clock this afternoon in order to do so.

Present at the meeting were: County Judge R. T. Lightfoot and Magistrates Charles W. Emery, W. A. H. Daway, Sanders Brooks, E. F. Gholson, George Broadfoot, John H. Burnett, C. I. Knott and John I. Blech.

The total amount allowed for county work for September was \$132. The bill was presented this morning, but the members were so slow about making a second to allow the bill that County Judge Lightfoot passed on to new business. When he wanted to appear before the grand jury, Magistrate George Broadfoot took the bench and called for the committee work. It was allowed by the court as follows: Magistrate Emery, \$21; Magistrate Burnett, \$21; Magistrate Broadfoot, \$21; Magistrate Blech, \$21; Magistrate Gholson, \$3; Magistrate Daway, \$6; and Magistrate Brooks, \$45.

**Paducah Attending Tennessee Con-
federate Reunion.**
Capt. W. H. Whitefield, of Paducah,
a prominent member of the local
U. C. V. camp, is in Clarksville,
Tenn., his early home, attending a
reunion of the Tennessee Confederate
Veterans. The Clarksville Leaf-
Chronicle makes personal mention
as follows:

"Willie Whitefield, of Paducah, is
here mingling with the old soldiers
Will looks as though he had been
well cared for since he left Clarksville
30 years ago."

Paducah P. D. C. at Hopkinsville.
The thirteenth annual meeting of
the United Daughters of the Confed-
eracy for the state of Kentucky
opened Wednesday morning in Hop-
kinsville under the most auspicious
conditions. There is a large atten-
dance of delegates from every sec-
tion of the state and these are be-
ing entertained in the homes of the
honorable citizens of the town. The
delegates began arriving Tuesday
and the arrivals have continued
steadily, nearly every train bring-
ing its quota.

Among them are some of the most notable women of
the state. The business sessions are
being held in the Christian church,
which has been turned over to the
organization. It is greatly regretted
that the president, Mrs. William G.
Talbot, of Paris, is not present, she
being unavoidably prevented from
coming. In her absence Mrs. Mattie
Bruce Reynolds, of Columbus, is pre-
siding. Several other officers are
not present, but their places have
been supplied. The welcome address
was delivered by Mrs. C. M.
Menchen, president of the local
chapter, and the response was made
by Mrs. William G. Taylor. Both
addresses were in the happiest vein
and at once established the most
cordial relations. The committee on
credentials was the first matter
taken up and it was appointed as
follows: Mrs. A. E. Grubbs, chair-
man; Mrs. James Layne, Mrs. W. C.
Hill, Mrs. N. P. Frisbie, Mrs. Enoch
McIntyre, Mrs. Stanley Adams, Mrs.
McKinney and Mrs. Andrew
Broadbent. This committee at once
began the examination of creden-
tials of the delegates and made their
report. A special feature of the
meetings will be music, which has
been given a prominent place on the
program at all the sessions.

Mrs. Caroline Morriewether Good-
lett, the beloved "Mother" of the
organization, arrived Wednesday
morning and is stopping with Mrs.
M. G. Rust, who is related to her.
Mrs. Goodlett is the guest of honor
at this time and she was kept busy
yesterday by the delegates, all
of whom wanted to make her ac-
quaintance and talk with her. Dur-
ing the morning session she made a
brief informal address to the assem-
bly which was enthusiastically re-
ceived. Mrs. Goodlett will go today
to Clarksville where there will be a
Confederate reunion. The delegates
are all decorated with handsome
badges bearing pictures of Jefferson
Davis, the president of the Confed-
eracy. These badges were presented
to the delegates by Mrs. C. M.
Menchen. A reception from 8:30 to
11 o'clock was held last night at the
Elks' club rooms.

The Paducah delegates and their
hostesses are: Mrs. James Roger
with Miss Johnnie Hendri; Mrs. Hoy
McKinney with Mrs. L. M. E. F.
Hakemore; Mrs. Luke Russell with
Mrs. Charles Jarrett; Mrs. Elizabeth
Austin with Mrs. Charles Jarrett;
Mrs. W. C. Gray with Mrs. Mary
Wall; Miss Mabel McNichols with
Mrs. C. H. Clark.

Mrs. M. E. Dodd, 125 North Fifth
street. The hour of meeting is
changed from 4 to 3 o'clock.

Magazine Club Luncheon.
The initial meeting of the Maga-
zine club for the season is with Mrs.
Charles K. Wheeler, 502 Kentucky
avenue, this afternoon.

Mrs. Wheeler entertained the club
at one o'clock luncheon that was a
charmingly planned affair. The table
was a symphony in white and gold.
The club colors. White and yellow
cosmos were effectively arranged on
a centerpiece. The hand-painted
place-cards were flower studies in
these colors. White and yellow
chrysanthemums alternated at each
plate. The luncheon was a delight-
ful success and the white and
yellow motif was prettily emphasized
in the various courses and in the ap-
pointments of the service. The guests
were limited to the club members
and covers were laid for 15.

Following the luncheon the club
adjourned to the library where some
of the magazines were interestingly
discussed. Those attractively fea-
tured during the afternoon were:

Harpers, by Mrs. Charles K.
Wheeler.
Atlantic Monthly by Miss Kath-
leen Whitefield and Miss Julia Scott.
Literary Digest, by Mrs. Victor
Vork.
Cosmopolitan, by Miss Minnie Rat-
cliffe.

Chocolate was served in the parlor
after the magazine reports.

The parlor and library were effec-
tively decorated with the white and
yellow cosmos, carrying out the pre-
tious color motif of the luncheon and
the club.

Crescendo Club Meeting.
The Crescendo club met with Miss

**Jefferson School League Reorganizes
for Year.**

The Jefferson School League met
with Mrs. Hal Corbett Wednesday
afternoon. Beside the routine busi-
ness, an election of this year's officers
was held.

Mrs. Gus Smith was made presi-
dent; Mrs. W. J. Hills was re-elected
vice president and Mrs. Hal Corbett
was elected secretary. The program
for the year's work will be decided
upon at the next meeting.

The teachers of the Jefferson
school and the mothers of the pupils
are especially urged to attend the
meeting and to join in the work of
the league.

The league will give a cake sale
Saturday, October 23, at some place
to be announced later.

Charity Tea October 21.
The Philanthropic department of
the Woman's club will have a Charity
Tea on Thursday, Oct. 21, from 4
to 6 o'clock at the club house, as a
feature of the department's open
meeting for that date instead of the
industrial lecture announced.

In connection with the Tea there
will be an attractive musical pro-
gram and home-made candy will be
sold. The free will offering at the
door is for the benefit of the depart-
ment's charity fund this winter.

Dr. J. H. Quinlan, of the under-
taking firm of Nance & Rogers, was
called to Murray this afternoon on
business.

Mrs. James Zly, of Lone Oak, Fla.,
is visiting Mrs. C. E. Purcell, of 321
North Fifth street.

Mr. and Mrs. G. W. Edwards re-
ceived the information last night
that Mr. and Mrs. Frank Pinkard, of
St. Louis, were parents of a fine boy
baby. The child has been named
Neville Edwards Pinkard, and the new-
born makes Mr. and Mrs. Edwards
great grandparents. Mr. Pinkard
formerly resided in Paducah, and
is well known in the city.

Miss Katherine Metton, 1115 Mad-
ison street, who has been ill with
fever, is improving rapidly.
Mr. T. J. Atkins, who has been in
a precarious condition at his home,
319 North Sixth street, for several
days, was resting easier this after-
noon, but no distinct change in his
condition has been noticed. Much
apprehension is being felt by his family
and close friends.

Mrs. C. E. Jennings and son,
Charles Jr., left today for Louisville
and Indianapolis to visit.

Mr. R. M. Ferguson left for Louis-
ville this morning.

RACE SUICIDE
NOT POPULAR

In Midland, Tex., Where Mrs. Gar-
denhire Found That Cardul, the
Woman's Tonic, Prevented
Suffering.

Midland, Tex.—Mrs. Willie Garden-
hire, of this place, writes: "I have
had five children, but with the last
I found that Cardul, the woman's
tonic, prevented much pain and suffer-
ing."

"I think Cardul is God-send, as a
medicine for weak women, and I
will always praise it to every suffer-
ing woman, for I know it is good."
"I wish every sick lady would give
Cardul a fair trial."

If every sick lady would only do
so, womanly troubles would not be
so prevalent as they are, for the cur-
ative value of Cardul, in such cases,
has been amply proven by its suc-
cess during the last half century.

The principal ingredients of Cardul
have to be imported direct from
Europe by the manufacturers, not
being for sale in this country, and
the finished medicine itself is a
scientific remedy of real merit which
is "different" from any other medi-
cine prescribed or recommended for
women's use.

Do not accept substitutes for Cardul,
as no other medicine has its popu-
lar, curative, tonic, strengthening
power.

The genuine is sold at every drug
store. Try it today.

N. B.—Write to: Ladies' Advisory
Dept., Chattanooga Medicine Co., Chat-
tanooga, Tenn., for Special Instruc-
tions and 64-page book, "Home Treat-
ment for Women," sent in plain wrap-
per on request.

Miss Catherine Metton, 1115 Mad-
ison street, is very ill. She suffered
a relapse last night.

Mr. H. D. Happy, of Mayfield, was
in the city Wednesday.

Mrs. Herbert Martin left Tuesday
night for Riverside, Cal., on a visit
to relatives.

Mr. Ira Drake, of this city, is visit-
ing friends in Owensboro.

Miss Lucy White Booker, of Louis-
ville, returned from visiting in Mor-
ganfield last night and will visit
Miss Jane Stevenson before return-
ing home.

Attorney Eugene Graves left this
morning for Princeton.

Mr. and Mrs. J. M. Worren and
children have returned to Pawhusen,
Okla., after a several weeks' visit
in Paducah.

City Jailer James Clark received
a letter today from St. Louis telling
of the serious condition of his sister,
Mrs. Susie Baker, who was badly in-
jured Monday in a street car wreck
on the Tower Grove car line there.
She was aboard a west bound car
when it left the track at a high rate
of speed, crashing into an east bound
car on the double track. Many pas-
sengers were seriously hurt. Mrs.
Baker being one of them. She sus-
tained several broken ribs and a
fracture of the shoulder bone. The
latter said physicians were afraid
pneumonia would develop. Mr.
Clark, who leaves tonight for Cairo,
Ill., on business will probably pro-
ceed on to St. Louis to attend his
sister's bedside.

Mrs. Annabel Sebree and daugh-
ter, Miss Elizabeth Sebree, will leave
Friday morning for California to
make their home. They will visit
Mrs. Sebree's sister, Mrs. Lee Nance,
now arriving in Los Angeles and ex-
pect to reside in that city. They
have a large circle of friends here
to regret their departure.

**ANDREW NICHOLS, NATIVE
OF ENGLAND, DEAD.**

Andrew Nichols, aged 51 years, a
native of England, died at his home,
1011 Hoyd street, at 2:10 this morn-
ing of dropsy. He had been ill for
only two weeks. He was born in
England in 1858 and came to the
United States in his twenties. He
settled in Smithland, Ky., where he
was married to Miss Mattie Morris,
about 16 years ago. Three years ago
they moved to Paducah, where Mr.
Nichols followed his trade of brick-
mason. He was a member of the
brick masons' union and a member
of the Fountain Avenue Methodist
church.

Surviving him are two sons, Lennie
and Oscar Nichols and his wife. He
leaves relatives in England. The
funeral will be held tomorrow morn-
ing at 10 o'clock at the residence,
conducted by the Rev. George W.
Hanks, pastor of the Fountain Ave-
nue Methodist church. Burial will

It is expected that by Saturday,
when the centennial exercises are
held, there will be upwards of 50,000
delegates and visitors in attendance.

Many a man who is proud of his
wife is afraid to admit it.

NEWS OF COURTS

A motion was made for a new trial
in the case of Louis Futrell, who was
given ten years in the penitentiary
for the murder of Horace Osburn.
The motion was set for trial tomor-
row.

Nelze Perkins filed additional rea-
sons for a new trial.

Bob Wylie, colored, was given one
month in the county jail on the
charge of petit larceny.

Jim Daniels, colored, was sen-
tenced to one year in the penitentiary
on a plea of guilty to false swearing.

No Arrests Two Days.
Two days have passed and so
quietly have they slipped by that no
arrests have been made by the police
department for that length of time.
Consequently Judge D. A. Cross has
not conducted sessions of police court
for two days. Chief Collins and his
men are fearing that the business for
October will be light, as few offenses
have been committed so far. Men
who are serving out fines in jail are
being kept busy on the chain gang
and all streets are being cleaned up
as rapidly as possible.

**THIS HOUND UP SOUNDS
LIKE A LATE "BEST SELLER."**

San Bernardino, Cal., Oct. 14.—
Hiding to a safe death across stifling
sands of desert, Billy Boy, the Indian
rover and desperado, who fights
armed poses with reckless abandon,
has fled from two women. The first
real clue to the whereabouts of the
murderer came today in a telephone
message from Mrs. James Hurlough,
who lives in Houston Flats, on the
desert side. She telephoned that
Billy Boy, gaunt from hard riding
and constant watchfulness, passed
her ranch yesterday and dismounted
when he saw only women and at-
tempted to steal milk to allay his
thirst. Mrs. Hurlough and her sister,
who live alone on a ranch, got shot-
guns and pointed them at the des-
perado. Billy Boy fled. The news of
his whereabouts spread rapidly and
the faded posse spurred renewed ef-
forts to carry out the promise that
they would not sleep under a roof
until Billy Boy sleeps under sod. The
fact that Billy Boy was forced to
make a raid on a ranch yesterday
shows that the round up of the In-
dians is effective. All deserting In-
dians are herded together by the
posse to prevent them carrying fur-
ther aid to Billy Boy.

**GREAT WORK DONE
IN ALL FIELDS.**

By Home and Foreign Medical Mis-
sionaries of Christian Church,
Pittsburg, Oct. 14.—Three parallel
sessions of the Foreign Christian Mis-
sionary society occupied the third
day of the centennial celebration and
convention of the disciples of Christ
held in the Carnegie Institute. Many
prominent men and women from this
country and foreign lands made ad-
dresses.

It was brought out that during the
past year the medical missionaries of
the society had attended or prescribed
for about 138,780 patients of all
races. Over forty schools and col-
leges are maintained and 4,200 ad-
vanced grade pupils are on the roll.
Over 240 orphans are being educated.
The receipts for the past year of the
society reached the sum of \$350,
685.25, being an increase of \$76,
360.82 over the previous year.

It is expected that by Saturday,
when the centennial exercises are
held, there will be upwards of 50,000
delegates and visitors in attendance.

Many a man who is proud of his
wife is afraid to admit it.

A Promise to Pay

Would you accept a stranger's note? No. Then why accept from a stranger any other promise to pay? A Fire Insurance policy is such a promise. Ought you to accept it without knowing all about the Company? Your usual business confidence is based on knowledge. Why make an exception in that part of your business which deals with insurance? A name is worth nothing on any kind of a promise to pay unless it is backed by character and resources.

We favor insurance knowledge, particularly about our companies. Their promises to pay have never gone to protest. Their obligations are backed with such a good reputation and such ample financial resources that the more you know about them the more you will want protection by their policies.

SUICIDED WHEN BROUGHT TO BAY

FASHIONABLY DRESSED BANDIT TRIED TO ROB BANK.

Rode to Bank in Auto, But the Man Driving Refused to Disclose His Identity.

HE FIGHTS WITH THE POLICE

Chicago, Oct. 11.—A fashionably dressed bandit, who robbed the savings bank of the D. M. Erskine company, at Highland Park, an aristocratic village 25 miles north of Chicago, suicided when driven to bay.

His companion, who drove him to the bank in an automobile, was captured immediately following the robbery, forcing the principal perpetrator to flee afoot. The latter engaged in a running duel with Marshal John Sheehan, who was the target for many bullets from the bandit's revolver, one of which went through his coat sleeve. After running several blocks the robber entered a coal shed closely followed by Sheehan. When Sheehan entered and leveled a revolver at him, the fugitive put the muzzle of his revolver in his mouth and fired, death resulting immediately.

The man arrested, who appeared in the guise of a chauffeur, refused to discuss the robbery or disclose his or his companion's identity.

The robbery was committed just after the close of business. The bandit, secured \$500 in gold coins and bills, after forcing Cashier Duffy and Miss Fitzgerald, the bookkeeper, and Joseph Richards, the receiving teller, into the cashier's cage.

The man who is now dead had entered the bank in the morning and inquired for "Mr. Williams." Duffy directed him to Libertyville, west of Highland Park. The visitor rode away and returned to the bank in the afternoon, his companion remaining in the automobile. He was still inside when Duffy closed the front door, leaving the side door open for the stranger to depart. Fearing that something was wrong Duffy took a large amount of money and locked it in the vault. Several hundred dollars was still in his cage. As the cashier entered the cage, the robber covered him with a revolver.

"Call everyone here into that cage," said the bandit, "or I'll blow your head off. Hurry up."

Duffy complied. Miss Fitzgerald and Richards entered the cage and the intruder took all the money in sight, then exclaimed:

"If any of you attempt to follow me, I will kill you."

He started out and Duffy telephoned the marshal's office across the street. By the time the robber reached the automobile, Sheehan was running toward the bank. The robber ran and citizens held the chauffeur. The chase after the fugitive ended in his suicide.

Dead Man Identified.

Chicago, Oct. 11.—It was learned that the dead robber had registered at the Avenue House at Evanston as "J. C. Wilson, Milwaukee," and that the automobile was loaned him by J. E. Keelyn, a wealthy Goldfield mining man, who lives at Evanston. The man under arrest is Keelyn's chauffeur, Fred Schwab.

Schwab declared that he knew nothing about the character of his passenger until he saw him run.

Keelyn said Wilson gained his confidence Wednesday night by renting incidents of western life with which he was familiar. When he sought to hire an automobile Keelyn suggested that he take him.

Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Va.—"I was passing through the change of life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—Mrs. CHAS. BARCLAY, R.F.D., Graniteville, Va.

No other medicine for women's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weaknesses, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

Rheumatism Cured.

For the benefit of suffering humanity, I will say that I had a severe attack of muscular rheumatism the latter part of January, 1908. I have had inflammatory rheumatism almost all my life. I tried a number of remedies, obtaining only temporary relief. By the use of a little more than one bottle of Hays' Specific the disease was conquered. It is a system cleanser, a blood purifier and a pain destroyer. Sold by all druggists.

Tall Horse Story.

"Why, once, do you know, I found a bear inside a hollow log. Well, of course, I couldn't get at him to shoot him, and the log was too heavy to move. I didn't know what to do. So at last I thought of cutting four holes in the log, about where the bear's feet must be, and I got his paws through slick. Then I tied a rope around the log and made him walk with it into camp. And—would you believe it?—we had all our food and all our fuel for the winter out of that one deal."—Outing Magazine.

"Did you ever have appendicitis?" said the insurance man.

"Well," answered the skeptic, "I was operated on. But I never felt sure whether it was a case of appendicitis or a case of professional curiosity."—Washington Star.

A BIG CROWD OUT TO HEAR SPEAKERS

HAZELIP AND BARKLEY WERE AT HENDRONS LAST NIGHT.

Hazlip Says Barkley Made Good Officer When He First Went Into His Office.

BIG CROWD HEARS SPEAKERS.

Thomas N. Hazlip and Alben W. Barkley, nominees for county judge, had a big crowd at the debate at Henderson's school house last night. The closest attention was given to Mr. Barkley and to Mr. Hazlip in his plea of the need of reform in county affairs. He said that the only hope of bringing it about was to "vote out the present gang."

In his speeches Mr. Barkley has said he has laid his record bare for an inspection by the voters, and Mr. Hazlip took him up last night. "Mr. Barkley has apologized for 'tooting his own horn' all through the campaign, but I shall look it in the proper time tonight and prove that Mr. Barkley has done his duty only in part," he said. The record of things he has accomplished, Mr. Hazlip gave him credit for, but said, with two exceptions, they were done at the first of his administration. He said that when Mr. Barkley had just started in office with the intention of doing his duty, "but he soon became eligible to membership and was initiated into the gang, and since the crowd had a ring through his nose," declared Mr. Hazlip.

Mr. Hazlip in the beginning of his speech said: "I am not running upon any platform but simply for good administration of affairs in McCracken county."

I believe that the time has come when voters are not to stand in line, but are going to vote for their interests this fall. I am not making a partisan fight and if elected to the office of county judge I will be as free from politics as anybody can be. The issues of this campaign are interesting to the taxpayers of McCracken county, and the only fight that I am making is against the mismanagement of county affairs by the people who have been in power.

I say that the gang that has been running things in the present administration is responsible for the allowance of things that should not have gone on. I say that somebody is responsible at some time, some way and some how for a man in office stealing 12 1/2 years without his detection."

Taking up the finances of the county Mr. Hazlip showed that there was a bonded indebtedness, not placed by the present administration. He said that the tax rate for the sinking fund to meet this debt had been raised to 25 cents on the \$100, while if economy had been observed it would not have been necessary to place this burden upon the taxpayers, and the money necessary to meet the payments on the bonded indebtedness could have been made without the raise.

He said the report of the expert showed that \$7,921.26 had been expended out of the pauper fund on July 1, while only about \$12,522.35 was paid into it, and thus leaving from July 1 until the time for the next taxes about \$4,000 to run the department, with an average monthly expense of \$433 for the county sanitarium alone. While on the pauper fund, he discussed the extravagance of the present administration, the county sanitarium. He showed that a farm could have been purchased and a suitable house erected for the care of the inmates, and with the cultivation of the soil the institution could have been made self-sustaining.

Taking up the county levy fund, he showed that on July 1 there was a deficit of \$29,826.24, while paid into it were \$31,018.42, leaving about \$200 to meet all of the miscellaneous bills of the county from July 1 to January 1, 1913. He said that already on July 1 the road and bridge fund had been over drawn about \$200, and that by law the county was prevented from drawing upon next year's taxes without a violation of the statute.

Mr. Barkley's part in the hurried settlement with Smedley's shortage was taken up, and discussed. Mr. Barkley in reply defended his action in making the settlement.

"If the officers had done their duty," said Mr. Hazlip, "Hiram Smedley would have been in the penitentiary long ago and perhaps have served out his time and have been back with us. Now they have sent Smedley to the asylum at Hopkinsville and Mr. Barkley makes a big parade and says that I ought to go to Hopkinsville, too. I know that Mr. Barkley is glad that Smedley has gone, and after the election he will wish that I also had gone." (Applause.)

The question of working county prisoners on the county roads was taken up, and he showed how the negroes commit small thefts in order that they may be sent to jail and remain during the winter, while the taxpayers foot the bill. He said he would decrease crime by working the prisoners and get some benefit for the county for the board bill, as was done in Tennessee and other states. Mr. Barkley in his reply said, "who would want the lazy negroes to work

POSTMASTERS TALK SHOP AT MEETING

WEDNESDAY'S SESSION LISTENED TO ADDRESSES OF

Experts—Hurler Society Wants Ohio Growers to Pool Tobacco With Kentucky Association.

THE NEWS OF THE STATE.

Louisville, Oct. 14.—The session of the Kentucky Postmasters' convention at the Federal building, was of unusual importance, as subjects of everyday importance to the delegates were discussed by experts. One of the most important features of the meeting, from the standpoint of instruction, is the questioning of the higher officers present concerning points on which the individual postmasters are somewhat in doubt. President Fisher, in this connection, expressed himself to the effect that this, in his opinion, was of vital importance.

A discussion of the proposed change in the money order system was held.

made especially interesting in view of the fact that Jesse G. Sewell, superintendent in the local office, has been designated one of the experts to confer at Washington over this matter in the near future. Mr. Sewell led the discussion and was followed by different postmasters.

W. G. Balke, postmaster at Guthrie and James P. Shillman, postmaster at Harrodsburg, discussed the establishment of postal savings banks from the standpoint of the third-class postmaster, and evidenced the fact that they had given the subject careful attention.

The committee on topics for this year's convention consisting of Thos. L. Walker, chairman, and Postmasters Oelze, Woods, of Elkhart; Scott and Dickey, has arranged the best program of any previous convention.

BURLEY SOCIETY SENDS SOLICITORS TO OHIO.

Want Tobacco Growers Across the River Placed in Society Pool.

Augusta, Ky., Oct. 14.—Today five Bracken county solicitors for the Burley Tobacco society crossed over into Brown and Clermont counties, Ohio, opposite Bracken, for the purpose of getting the tobacco growers in the Ohio counties to pool their tobacco. The solicitors are sent to Ohio by authority of the district board.

PRESBYTERIANS MEET.

Kentucky Synod in Session at Bowling Green.

Bowling Green, Ky., Oct. 14.—The eighteenth meeting of the Kentucky synod of the Presbyterian church will convene in this city for a three days' meeting October 26. Intendings are that all the prominent min-

isters of that denomination will be in attendance and several from adjoining states. About 200 delegates are expected and arrangements are being made to entertain them in the homes of the citizens.

CHECKS WERE NO GOOD.

Man Arrested in Warren County on a Scrooge Charge.

Bowling Green, Ky., Oct. 14.—A man giving his name as A. D. McAlister, was arrested at Smith's Grove on the charge of obtaining money by false pretenses and brought here and lodged in jail. McAlister is about sixty years of age and had drawn checks aggregating \$235 on the North Dakota National bank, Dickinson, N. D. He had obtained \$47 by getting a citizen of Smith's Grove to endorse his check, but the other checks were held up, pending a telegraphic inquiry to the North Dakota bank.

POWELL'S BARN BURNED.

Witness Against Twelve Night Riders Has Tough Luck.

Elkman Ky., Oct. 11.—The large barn of Ed Powell, near Walnut Log, on Icefoot lake, was destroyed by fire with all contents, including two horses and all his farming implements. Mr. Powell noticed the barn was on fire, but was afraid to go out and make any attempt to save it and turn out the stock.

It will be remembered that Mr. Powell is one of the main witnesses against the night riders, he being the man that they took with them to Walnut Log hotel, at Walnut Log, the night they hanged Capt. Rankin and attempted to kill Judge Taylor.

It will be remembered that they put him in front of them and made him call Mr. Ward, proprietor of the hotel, and after they had gotten Rankin and Taylor out of the hotel, they carried Mr. Powell to the place where they hanged Rankin. Mr. Powell had no insurance on his barn.

IN A QUANDARY.

Witness in Kentucky Summoned to Appear in California.

Bowling Green, Ky., Oct. 14.—Mrs. Rosa, who lives near this city, has been summoned by a federal officer to testify in the federal court in San Francisco for the government in a case against a man indicted there.

She has been told that if she did not go she would be arrested and taken later. She is in a quandary over the matter for the reason she is without the money to go on, and if she does not go she will be arrested. She is familiar with the case in which she has been subpoenaed and would willingly go if she had the money to pay her way, still the government says she must go anyway.

Counterfeiter Gets Six Years.

Louisville, Oct. 14.—John C. Roberts, who sought to engineer a gigantic counterfeiting scheme in which the bank notes of Mexico were involved, and who pleaded guilty in the United States court to the charge against him, stood before Judge Evans and received his sentence.

The penalty for Roberts' offense amounts to six years in prison in the government penitentiary at Atlanta, Ga. Judge Evans asked the accused man if he had anything to say.

"I have nothing to say, your honor," said Roberts, "except that what I have told you is the absolute truth."

Roberts took his punishment coolly and sat in the court room while the case of his brother, Marion C. Roberts, was disposed of. Early in the morning session Judge Evans called in the jury and instructed it in the Marion Roberts case. The instructions were not long. The court ordered the jury to promptly acquit the defendant, which was done at once.

A 50 Cent Box of my Rheumatism Remedy Free.

Deformity in Chronic Rheumatism.

My Remedy has actually cured men and women seventy and eighty years of age—some were so decrepit that they could not even dress themselves. To introduce this great remedy I intend to give fifty thousand 50 cent boxes away, and every suffering reader of this paper is courteously invited to write for one. No money is asked for this 50 cent box neither now nor later, and if afterwards more is wanted I will furnish it to sufferers at a low cost. I found this remedy by a fortunate chance while suffering from rheumatism and since it cured me, it has been a blessing to thousands of other persons. Don't be sceptical, remember the first 50 cent box is absolutely free. This is an internal remedy which goes after the cause of the trouble, and when the cause of rheumatism is removed, have no fear of deformities. Rheumatism in time will affect the heart, so do not trifle with this merciless affliction. Address enclosing this adv. JOHN A. SMITH, 5417 Smith Bldg., Milwaukee, Wis.

PICADILLY SLAVE MARKET.

London Hostess' Strange Way of Obtaining Dancing Men.

There are whispers about that a peculiarly humiliating form of slave traffic is going on, under our very noses, in the heart of the capital of civilization. For where there is a demand for a certain kind of labor, he sure there will be someone enterprising enough to supply it. The slaves, I understand, are paraded before their hirers, clad in their most becoming garments, and exposed to the raking fire of a half a hundred tortoise shell lorgnettes. Intellect, and even amiability, are not in request, but a presentable appearance and a semblance of good manners are considered indispensable, while a certain amount of agility is also a qualification.

The human objects exhibited, strangely enough, do not appear to feel their position acutely, and are inclined to look upon the transaction as more or less in the nature of a joke. Yet it is nothing short of a sign of national degeneration that while we cannot get a sufficiency of stalwart youths to join the Territorial, there are young men in London who are willing to be hired out, so to speak, by strange females for the evening. For the demand, I hasten to add, is for properly equipped dancing men, and the slave market is held at a certain modish club, where tea parties are given "to meet the hostesses of the season." The more youthful members of our aristocracy and plutocracy showing a decided disinclination to spend their evenings propelling unknown feminine persons round hot drawing rooms, dance-givers have been compelled to revert to this strange way of recruiting their guests.—Sketch, London.

The Unexpected Can Happen.

"Mr. Wadrox," said the demure office boy, "I would beg leave to absent myself this afternoon to attend the interment of my grandmother."

"En?" growled Mr. Wadrox, with a sinister sneer. "Where is it going to take place—at the ball park?"

"O, no, sir," quoth the lad, his face shining with the love of truth; "at the cemetery." And he gently directed his employer's gaze to the death notice in the morning paper.—Exchange.

Mr. F. G. Fritz, Oneonta, N. Y., writes: "My little girl was greatly benefited by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is mild, pleasant and effective, and cures habitual constipation. Gilbert's drug store.

"Does your husband ever worry about the grocer's bill?"

"No," he says there's no use of both himself and the grocer worrying over the same bill."—Boston Transcript.

COLONY FOR WOMEN ONLY

MEN WILL BE BANISHED FROM THIS SETTLEMENT.

Pioneers Now Making Ready to Start Things Going Next Year—One of Their Plans is a Resort.

AUSTRALIA'S ADAMLESS EDEN

London, Oct. 14.—No man will be allowed to own a share of stock or a roof of land or to hold any office in the new industrial colony which is about to be started in Western Australia by a number of British women and which is situated within 40 miles of Albany on a great rock facing the sea. The land has been secured from the government of that commonwealth by a number of British ladies as a freehold property. Among the number is Mrs. Emily Crawford, president of the Householders' League; Miss Crooke, an expert lady gardener, now chief of the Women's Agricultural College, established by Mrs. Victoria Woodhull Martin at Bredon's Norton in Worcestershire; Miss Hetty Sawyer, M. D., a successful London medical practitioner, and the owner of great woolen mills, who is too modest to allow her name to be mentioned. The moving spirit is Mrs. Crawford, who is a novelist and artist and a woman of wealth. She was one of the judges of hammered metal work at the Chicago world's fair. Much of the capital is being supplied by Mrs. Martin, who is better known in America as Victoria Woodhull, the famous advocate of woman's rights, who married the late John Biddulph Martin and settled in England.

James Carlton Young, a millionaire of Minneapolis, also has come forward to assist in establishing the new colony and is credited with the desire to erect a library or art gallery in the near future at Emilliah, as this Adamless Eden is called.

A good deal of the capital needed for the scheme is secured. All would be forthcoming were it not that Mrs. Crawford and the other freeholders under no circumstances will allow men to purchase a perch of land. Even married women, whose husbands are alive are also excluded from the privilege. Widows and spinners will run the colony in the interests of their own sex.

When Mrs. Crawford was asked why it was she and her associates went so far afield to sink their capital, she replied:

"It is solely a question of the parliamentary vote. There is no security in this country for women's financial enterprise. We pitch our tents in Australia because there women have the franchise. Consequently they have the protection and the advantage which it affords."

This new township is finely equipped by nature for a healthy resort. Situation and scenery are beautiful. It has mineral springs of much local repute for rheumatism, gout, etc., there is a small lake of pure fresh water and more than the usual attractions in fishing and wild bird shooting are offered. The climate is dry and bracing, and at no time excessively hot. Finally, it is within ten days' journey of Colombo, a fact which means an immense advantage to Anglo-Indian families who will be enabled to deposit their children there instead of taking them to England. The mothers, at any rate, can visit them twice a year, and the fathers will be enabled to spend their annual leave with them instead of saving it up for three years in order to join them in England. The owners of the township intend to establish schools which will compare favorably with first class schools in England. They are making a point of special schools for girls wherein domesticity will be taught to perfection. At Emilliah will be built the first

Australian kuraal. A company of women is now being formed to carry it into effect. It will be erected on the model of a German "Bad." Gambling is, however, to be rigorously excluded from its attractions, but in every other respect it will be identical with those in Europe. Australia is sadly in need of a lively resort, those existing there being dull and dowdy with practically no amusement. Thus the new watering place is precisely what is wanted and the promoters anticipate for it a future of phenomenal success, the more so as all well-to-do Australians come close to this point to escape the heat of the interior. It is expected that the kuraal will be complete next summer when the services of well known European artists will be requisitioned to fill its programmes. Meanwhile a number of the best society amateurs are contemplating a tour to Emilliah to the new kuraal when it is ready to receive them.

School of Gardening. The school of gardening will be started at once and will be made one of the most prominent features of the entire scheme. The railway company has offered to facilitate in every possible manner the interests of the prospective gardeners. It has already divided the ground which is laid out in portions of 160 acres to each proprietor and when the time comes it proposes to run special trains for the transport of produce at the lowest possible rate to Albany which is also the port.

The school of gardening will comprise training in dairy work, bee-keeping, fruit bottling and the cultivation of vegetables, fruit and flowers, with a knowledge of pruning, etc. Being virgin soil in most places, the new colony is especially adaptable for the production of fruit. The promoters intend to make a point of planting only the choicest trees with the object of sending the fruit to the home markets where they are aware that the demand is only for the best qualities.

There were on exhibition in the Western Australian building of the Franco-British exhibition last year pictures of the surroundings and the giant fruit and vegetables grown in the neighborhood. Especially remarkable are the apples, pears and potatoes, all of which reach enormous dimensions, frequently weighing two and three pounds each. They are perfectly sound, while the flavor is pronounced equal to that of fruit grown on British soil. The market at Albany is eager for all it can purchase, the demand at present being far in excess of the supply.

The lady already referred to who has made a success in England as the proprietor of a woolen mill is about to build a mill of larger dimensions on her freehold at Emilliah. She will take over with her the skilled labor and the requisite machinery to start the enterprise, which she hopes shortly to have completed as a going concern.

The Skin Industry. The skin industry is yet another for which there is great scope. A great factory for the preparation of sheep, goat and kid skins soon will be raised, and these will be made one of the specialties for export. There is also a proposition to develop a glove factory. The skins of birds, from the giant black and white swans to the parrot, all of which are found in the new township, will also be turned to suitable uses, such as the manufacture of fans and ornaments. Although nothing definite can be said about the mineral products, there is an idea that the soil will prove rich in them and there are indications that petroleum will be forthcoming.

The founders will not be above accepting any contributions which Australian millionaires may see fit to present to the new colony. On the contrary, they seem to consider it the duty of these gentlemen to come forward and sustain them.

The establishment of this great enterprise beyond the seas is watched with keenest interest by those concerned in solving the problem of what to do with our superfluous womanhood. If the venture meets with the success which is anticipated for it, it may be regarded as a first step in a most important and far-reaching scheme which promises a life interesting activity with a handsome return for those who enjoy experience in fresh fields and pastures new.

NELLIE MAHONY.

Strange Doings at Munsey's. Some years ago Frank A. Munsey the magazine man, hired a private secretary. Spenser Reed dropped in to call on Mr. Munsey, who was an old friend of his. The secretary said that Mr. Munsey was engaged. "All right," said Reed, "I'll wait." At the end of half an hour Munsey's door opened and the publisher appeared showing his caller out.

Seeing the speaker, he grasped his hand and dragged him into the office. An hour later, when Reed had gone Mr. Munsey called his secretary.

"Look here, Block," he said, "what do you mean by letting Spenser Reed wait unannounced half an hour?"

"Wa-wa-wa that Mr. Reed?"

"It certainly was."

"Why, I thought it with the Rev. Dr. John Hall," said the secretary.

"Dr. Hall had been dead two years," answered Munsey, severely.

"I know it," replied the secretary "that's why I thought it with the very peculiar."—Success Magazine.

THE DELINEATOR congratulates Kentucky. The people have awakened splendidly to the need of a better educational system.

Mabel Potter Daggett went to your State to see first-hand what was being done to better school conditions.

She says Kentucky is building schoolhouses—that the chips are flying in the most encouraging way. She says that Kentucky is making a splendid fight for an education.

She is most enthusiastic about the loyal women who brought about this awakening. So much so that she has written an article about it—an article that surely ought to encourage every Kentuckian who wants better educational advantages for Kentucky's children. You can read this article in

Would Last His Time.

A well known scientist was lecturing on the sun's heat, and in the course of his remarks said: "It is an established fact that the sun is gradually losing its heat, and in the course of some seventy millions of years it will be exhausted; consequently this world of ours will be dead, and, like the moon, unable to support any form of life."

At this juncture a member of his audience rose in an excited manner and said:

"Pardon me, professor, but how many years did you say it would be before this calamity overtakes us?"

The Professor—"Seventy millions, sir."

"Thank God!" was the reply. "I thought you said seven millions!"—Cleveland Leader.

Your Money Back If You Are Not Satisfied With the Medicine We Recommend.

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or enemas do much harm. They cause a reaction, irritate and weaken the bowels and tend to make constipation more chronic. Besides their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

The discovery of the active principle of our remedy involved the labor of the world's greatest research chemists. As an active agent it possesses the valuable qualities of the best known intestinal tonics as well as being particularly pleasant and prompt in its results.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation. If not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. They come in two sizes of packages, 12 tablets, 10 cents; 36 tablets, 25 cents. Sold in Paducah only at our store.—The Rexall Store.—W. B. McPherson, Fourth and Broadway.

S.S.S. THE CURE FOR SCROFULA

The usual symptoms of Scrofula are enlarged glands of the neck, sores and ulcers on the body, skin affections, catarrhal troubles, weak eyes, and general poor health. The inherited poison, transmitted through the blood, pollutes and weakens the entire system, and in place of its nutritive qualities fills the circulation with scrofulous matter, which saps the vitality of the entire system. Thousands of children, born with a scrofulous taint, have spent their childhood in constant physical suffering, and grown to manhood or womanhood handicapped by ill health and stunted growth, and perhaps later some disease of the bones or joints developed. S. S. S., given in their early life, would have prevented this. It would have cleansed and purified the blood of the taint, nourished and strengthened their systems, and assisted each to grow into strong, healthy manhood or womanhood. S. S. S. is the very best remedy for Scrofula. It goes down to the bottom of the trouble, and cleanses the circulation of all scrofulous matter. It supplies the weak, diseased blood with strength and health-building qualities, and under the purifying effects of this great remedy all symptoms of Scrofula pass away. S. S. S. contains no mineral salts, and is an absolutely safe treatment for children, even infants, in any form, and is an absolutely safe treatment for children, even infants, in any form, and is an absolutely safe treatment for children, even infants, in any form.

SAGE FOR DARKENING THE HAIR.

There is nothing new about the idea of using sage for restoring the color of the hair. Our great grandmothers kept their locks soft, dark and glossy by using a "sage tea." Whenever their hair fell out or took on a dull, faded or streaked appearance, they made a brew of sage leaves and applied it to their hair with wonderfully beneficial effect. Nowadays we don't have to resort to the old-time, tiresome method of gathering the herbs and making the brew. This is done by skillful chemists better than we could do it ourselves, and all we have to do is to call for the ready-made product, Wyeth's Sage and Sulphur, containing sage in the proper strength, with the addition of Sulphur, another old-time scalp remedy. This preparation is sold by all first-class druggists for 50c and \$1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price. For sale and recommended by W. J. Gilbert.

REPORT INDICATES I. C. PROSPERITY

ANNUAL SUMMARY SHOWS NET PROFIT ADVANCE.

Statement Calls Attention to "Adverse Conditions Affecting All Industry."

GAINS DESPITE DRAWBACK.

That the Illinois Central railroad has had a prosperous year was indicated by the report for the fiscal year ending June 30 issued by President J. T. Harahan yesterday.

The company's net income from operation was \$13,464,229, an increase of \$47,100 as against the preceding year.

Income from operations was \$57,151,512, a decrease of \$816,215 as compared with the preceding year, while its expenses and taxes were \$43,681,282, a decrease of \$595,315.

The income from investments and other sources was \$3,874,708, making a surplus of \$17,338,937. After deducting fixed charges, rentals, etc., the available surplus is \$9,592,023, which is divided as follows:

1 per cent dividend on outstanding capital stock \$1,050,720.00
Replacement of equipment 232,266.92
Surplus dividend fund, 1.457,886.92
Profit and loss 251,149.40

"The early months of the fiscal year covered a period when the commercial world was emerging from the recent financial depression, the recovery to normal trade conditions was slow," continues the statement.

"and when it is considered that railroad operation was also affected, in common with other branches of commerce, by the uncertainty of the presidential election and the agitation for tariff revision, the record for the year is favorable.

"Notwithstanding these disturbing factors, the revenue from freight traffic, which was most affected thereby, increased \$646,086, while the operating expenses showed a decrease of \$985,111.

"Since the last report was issued this company has purchased the capital stock of the Central of Georgia railroad, having 1,915 miles of track in Georgia, Alabama and Tennessee, thus giving it an outlet to the Atlantic coast at Savannah and furnishing admirable facilities for handling export and import traffic at all ports, since the Central of Georgia owns the capital stock of the Ocean Steamship company, operating between Savannah and New York and Boston.

"It is believed the operation of this line, opening up the entire southeastern territory by through lines of roads and through service for both freight and passenger traffic, will be of great benefit to Mississippi valley points which are already served by Illinois Central lines."

WIVES TO EXHIBIT HUSBANDS; 12 ARE ENTERED IN CONTEST.

Mr. and Mrs. J. S. McCullough Plan Novel Entertainment—Unmarried Women to Judge Merits of Entrants.

Chicago, Oct. 14.—The third annual exhibit of husbands will take place on the evening of Oct. 23 at the home of Mr. and Mrs. James Sidney McCullough at their home, the Paradise flat, the occasion being the twelve anniversary of their marriage. Twelve wives will bring their husbands and enter them in the contest, which will afford the entertainment for the evening. Three unmarried women will act as judges of their merits, but whatever the decision there is a prize for every husband.

The points to be considered are quantity of hair, time taken to tie a wife's shoestring, ability to guess at the price of a hat, eating out of the hand, humility, good looks, ability to describe a gown, gallantry, docility and patience.

The judges will be Miss Ethel Colson, Miss Kate O'Connor and Miss Leonide Lavinon.

Nell—That was a frightfully long sermon the minister preached this morning.

Belle—Why, I didn't notice it was unusually long.

CONVENTION THIS MONTH WILL BE WELL ATTENDED.

Two Hundred or More Delegates Are Expected to Attend October 27 to 29.

Reports from over the state indicate that from 200 to 250 delegates will attend the Grand Chapter of the Kentucky Order of the Eastern Star, which will convene in Paducah, October 27, 28 and 29. The Paducah chapter is actively engaged in preparing for the visitors and expect to entertain them royally. Many private homes have agreed to accommodate guests during the convention, while the hotels have made special rates to delegates.

Col. R. J. Barber has accepted the invitation to deliver the memorial address. He is a good speaker, and was urged to accept the invitation for the address. The chapter has chartered the steamer Bettie Owen for the boat ride, and all preparations will be prepared for the meeting.

Both Boys Saved.

Louis Boon, a leading merchant of Norway, Mich., writes: "Three bottles of Foley's Honey of Tar absolutely cured my boy of a severe cough, and a neighbor's boy, who was so ill with a cold that the doctors gave him up, was cured by taking Foley's Honey of Tar." Nothing else is as safe and certain in results. Gilbert's drug store.

FORMER BANDIT WINS BRIDE HE WOOD AS ACTRESS IN 1909.

Ex-Member of James, Younger and Quantrell Gangs Will Wed Woman of 61.

Kansas City, Mo., Oct. 14.—Forty years ago, when Jim Cummings was a member of the Jesse James gang, he met Florence Sherwood, an actress, then playing in Independence, Mo. It was a case of love at first sight, but circumstances were not propitious for their marriage and the couple contented themselves with corresponding, which they did for a number of years.

Then they lost track of each other. Two years ago Cummings instituted a search for his early intended bride, which was successful, and this morning the couple took out a marriage license at the court house. Miss Sherwood came from Boston to be married to her sitor of nearly half a century ago. She still is on the stage.

Jim Cummings was a follower of the James and Younger boys in the days of their marauding. He also was a member of the Quantrell gang and attends their reunions regularly. He quit the James boys a short time before the Northfield (Minn.) robbery.

A radical cure for ineffectuality is attributed to Zalcus, who flourished about 500 B. C. He ordered that any invalid who took wine in contravention of his physician's orders should be put to death. This story is interesting as showing an attitude toward alcoholic beverages supposed to be ultra modern.

POINTS OUT OTHER THINGS

Topeka, Kas., Oct. 14.—Prof. L. L. Dyche, head of the Department of Natural History of the University of Kansas, who made several trips to the north as a member, both of the Peary and the Cook exploring parties and who is personally acquainted with the explorers, made a statement to the Topeka State Journal concerning Commander Robert E. Peary's statement published yesterday.

Prof. Dyche's statement is, in part, as follows:

"Commander Peary's statement, to my mind, is absolutely incredible. It is based on the testimony of ignorant Eskimos, who were incapable of understanding a country, to which they had never been before, well enough to outline such a map as that published and credited by Mr. Peary to their explanation. Only intelligent white men with instruments could make their way to such a country and be able to report in detail upon it a year after the trip was made.

"While I believe Commander Peary reached the pole, I have not a shadow of doubt that Dr. Cook reached the pole first and exactly as he details in his own published story.

"The most astounding part of Commander Peary's story, it seems to me, consists of a statement that Dr. Cook got to the north part of the land bordering on the great Arctic ocean, the point for which he had striven for a month during the hardships of intense cold and the rigors of arctic climate—with ample supplies, sleds and Eskimos, all in first-class condition—and then simply turned back apparently for no reason.

"How unlikely it is that a man with over 20 years' arctic experience, fired with an ambition of a life-time, would give up just at a time and place when one of the greatest trophies the world has to bestow upon a brave and daring explorer was standing within his reach, beckoning him to come on."

She Was Pleasantly Surprised. Miss H. E. Bell, Wausau, Wis., writes: "Before I commenced to take Foley's Kidney Pills I had severe pains in my back, could not sleep and was greatly troubled with headache. The first few doses of Foley's Kidney Pills gave me relief, and two bottles cured me. The quick results surprised me and I can honestly recommend them. Gilbert's Drug store.
